BoostCamp 7.0

Mehdi Asadov

Backend developer

Experience

○ (2024.02.1 - 2024.02.10)

Front-end Instructor

BoostCamp 7.0

As a frontend instructor at the university's BoostCamp 7.0 project, sponsored by IDDA, I led learning sessions on web development and design. This role sharpened my technical, communication, and networking skills. Key responsibilities included:

- Delivering lectures and workshops on HTML, CSS, and JavaScript.
- Providing personalized guidance and feedback to students.
- Collaborating with instructors to develop curriculum and materials.

○ (2023.12.20 - 2024.06.24)

Software Developer

BEU ICT

I worked as a software developer on a university project, where I focused on enhancing my skills and expertise. This experience allowed me to explore new technologies, expand my knowledge, and improve my networking. Engaging with professionals and exchanging ideas was invaluable to my growth, providing a solid foundation in software developer.

(2024.07.5 - Present)

Front-end Developer

Inwave

I worked as a frontend developer at a startup called Inwave, where the primary goal was to simplify the work environment. My role involved creating user-friendly interfaces that aligned with this mission, contributing to the overall vision of making workplace processes more efficient and intuitive. Currently, the project is being continued on Azure DevOps, having transitioned from GitHub.

Volunteering

○ (2024.03.24 - Present)

HR

Galactic Society

As a member of the Galactic Society and a volunteer HR professional at our university center, I actively engage with diverse individuals, expanding my network and refining my skills. This experience has significantly contributed to my personal and professional growth.

○ (2024.11.15-2024.2.15)

Coordinator

BoostCamp 8.0

I worked as a coordinator for the BoostCamp 8.0 project. My responsibilities included selecting mentors and students, organizing lessons, and managing various operational tasks. This role enabled me to enhance my organizational and communication skills while connecting with diverse individuals and gaining valuable new experiences.
