Baku, Sabail, AZ1073, Azerbaijan | 051 358 58 62

Aspiring Java Software Developer with hands-on experience in backend and frontend development. Skilled in building RESTful APIs, working with databases, and creating responsive user interfaces. Passionate about clean code, continuous learning, and solving real-world problems through technology.

Education

Baku Engineering University   Sep 2022 - Jun 2026

Bachelor of Science Computer Science

GPA: 90

Div Academy   Sep 2023 - Jun 2024

Diploma Backend

Degree: I

Work Experience

Backend Developer Intern   May 2025 - Present

Buta Group | Baku, Azerbaijan

As a Java backend intern in Buta Group's VTP11 program, I am advancing my Java programming skills through structured learning. The internship combines theoretical sessions, coding tasks. Technologies and areas of focus include: -Developing core applications using JavaSE fundamentals -Building and consuming RESTful APIs for client-server communication -Connecting applications to databases using JDBC -Managing persistent data with JPA and ORM techniques -Writing SQL queries and managing data with PostgreSQL -Building robust backend services using Spring Boot framework -Collaborating on projects with Git for version control

Backend Developer Trainee   May 2025 - Jul 2025

Andersen Lab | Baku, Azerbaijan

Trainee in Andersen's intensive Java program, advancing backend skills through theory, coding tasks, and mentorship. Focus areas include: -Building REST APIs with Spring Boot -Version control with Git -Understanding Java memory model -Using Docker & Kubernetes -Writing unit tests (TDD) -Working with NoSQL databases

Frontend Developer Intern   Oct 2024 - Dec 2024

MyMentor Internship and Development Agency | Baku, Azerbaijan

As a Frontend Developer intern, I contributed to UI development tasks within the MyMentor platform and participated in a team-based agile workflow. During this internship, I developed the following skills: -Building responsive web pages using HTML5 and CSS3 -Implementing interactive components with JavaScript -Collaborating with team members through Git and GitHub -Participating in weekly review meetings and sprint planning

Languages

Azerbaijani (C1), English (B2), Turkish (C1)

Core Skills

JavaSE, Object-Oriented Programming (OOP), REST APIs, Java Database Connectivity (JDBC), JPA, Posgresql, NoSQL, Spring Framework, Spring Boot, Git, Unit Testing, HTML, CSS, JavaScript, React

Volunteer

Project Management Intern   Mar 2025 - May 2025
Gənclərin İnkişaf və Karyera Mərkəzi

During this internship, I had the opportunity to enhance and apply a variety of professional and soft skills: -Project writing and planning -Event and project organization -Team leadership and collaboration -Time management - SMM (Social Media Management) -Canva design and content creation -Microsoft PowerPoint and Word proficiency

Coordinator   Nov 2024 - Feb 2025
Baku Engineering University ICT Lab

During this volunteering experience, I was responsible for organizing and supervising technical and academic activities within the university ICT Lab. I had the chance to develop and apply the following skills: -Coordination of student-led workshops and mentorship sessions -Planning educational events and managing schedules -Facilitating communication between instructors and participants -Ensuring smooth execution of lab activities -Leadership, team facilitation, and operational oversight

Frontend Instructor   Feb 2024 - Feb 2024
Baku Engineering University ICT Lab

As a volunteer Frontend Instructor, I participated in Boostcamp 7.0, sponsored by IDDA and hosted by Baku Engineering University. I contributed to empowering students entering the IT field. My involvement included: - Delivering training sessions on HTML, CSS, JavaScript, and React -Mentoring students on practical exercises and assignments -Providing feedback and guidance on code quality and structure -Assisting in curriculum planning and delivery -Enhancing public speaking and teaching capabilities

Software Developer   Feb 2024 - Feb 2024

Baku Engineering University ICT Lab

In this volunteer position, I contributed as a Software Developer in internal initiatives organized by Baku Engineering University ICT Lab. Key responsibilities and skills enhanced: -Collaborating with academic staff and student teams -Applying Git for version control -Implementing responsive UI using HTML, CSS, and JavaScript -Strengthening problem-solving and teamwork abilities
